

WATER AND SANITATION PROJECT IN THE AFAR REGION OF ETHIOPIA

Afar Pastoralist Development Association, APDA, and an Austrian Support Organisation for Non-formal Needed Education, SONNE-International, plan to construct 20 large double brikuts and 4 sand dams in Erebti, Eli Daar and Dagaba (Dubte Woreda); implement hygiene awareness by all means - health workers, musical band, film, soap etc; change Logya from dirty to clean through 15 latrines + mass mobilization + establishing a rubbish disposal system.

To finance this big project, SONNE-International has requested a fund of 600,000 Euro from the European Commission that will pay 75% of the budget; Austrian Development will pay 15% and the remaining 10% must come from the applicant somehow. SONNE-International says they cannot raise more than 5%. Herby APDA appeals to the Afar Diaspora to engage themselves in this project trough contribution of the remaining 5% of the 600,000, which would be 30,000 Euro over 4 years, i.e., 7,500/ year.

To facilitate this task for SONNE-International, we (APDA and our Swedish partner, Afar Friends in Sweden) agreed that contributions should be administered through the bank account of Afar Friends in Sweden which is:

Bank account 99603448033732
IBAN: SE68 9500 0099 6034 4803 3732
BIC: NDEASESS

Afar Friends in Sweden has also taken the responsibility to send the confirmation to individuals and organisations that have contributed to the five percent of the project. Information on the economical status of this collection of funds will also be available on the homepage www.afarfriends.org.

Best regards

Afar Pastoralist Development Association
